EFOY® GO! Mobile Power

Strictly speaking, the EFOY GO! is a battery. But what a battery! With an integrated inverter and four power connectors, you also have convenient power - plug and play - away from the grid. Whether for a smartphone, a camera or a cool box, the compact, lightweight EFOY GO! uses state of the art lithium technology to deliver ultimate power with the smallest of dimensions. Ideal for your outdoor adventure!

Using devices on the go couldn't be simpler

With the compact EFOY GO! you can easily use your electronic devices - plug & play - when you're on the road. You can even use several devices at the same time. For example:

The specified values are average values.

Charging the EFOY GO! couldn't be simpler

Charging the EFOY GO! is child's play too. At home you can simply plug the EFOY GO! into a socket, away from home you can use a solar panel, and in the car you can use a 12V socket. Are you a frequent traveller or a heavy user of electricity? Then simply charge the EFOY GO! with the EFOY COMFORT fuel cell.

With solar (20 W) 12 h	In the car 5 h
At home 5 h	With EFOY Comfort 3-6 h

EFOY GO! and EFOY COMFORT

Need more power for holidays, trips or stays in your cabin? Then combine the EFOY GO! with our popular EFOY COMFORT fuel cell for non-stop power.

The EFOY COMFORT fuel cell plus the EFOY GO! combines the best environment-friendly technologies in one solution. Whilst the EFOY GO! provides a portable socket, the EFOY COMFORT delivers automatic charging.

- ⊕ Portable power 365 days a year
- ⊕ No installation or wiring required
- ⊕ Power any time, anywhere, immediately
- ⊕ More than 100 Ah of power per day
